Yes, I am back! It is tough being me. Even more, it is tough to keep up with Jimmy Boy and his wackiness! This is the place to do it!

### Dude, your company doesn't exist.

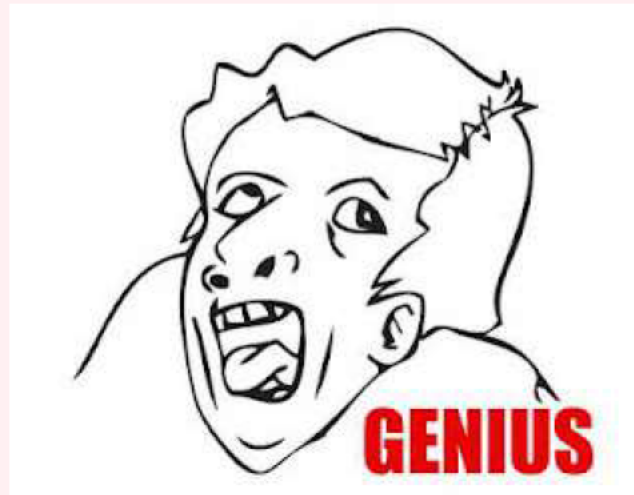

January 04, 2023

You haven't been ahead of the curve on anything - ever. You are only a company by name on a piece of LLC paper. No one charges \$600/hour. No one. You live in fantasy worlds within fantasy worlds of delusion. I have never spoken with a single person that has bought a computer from you, or heard about anything that you done. Ever. You live, barely, in your Step-Mom's house by her good charity and somehow she tolerates the endless complaints about your online stalking and threats that YOU do to others over the many years. Jimmy, you are the problem here, not others.

You will never see the facts in this because you are too far gone. Only you are convinced. BEYOND WAR IS TERRIBLE. Those 'books' that you tried to write are unspeakably awful dude. Who wrote them, a 2nd Grader? You are not serious that those are literature representing your project? I will analyze them later more in depth. Really dude. Buy a Craft Beer, eat some healthy food and slow down. You are not a genius, not even mediocre or average, in intelligence or abilities. I know that you try but give it all up. It is sad.

Jimmy is still ranting his wild legalese filled insanity, now at an increased pace. It is no surprise that he is a.)
