Hello Mr. and Mrs. Allen,

I hope this letter finds you both doing well.

My name is Donald Beal, and I am writing to you today regarding your son, James Arnold Allen. James has taken to the internet for decades to slander me and several others, however, he is escalating this rhetoric in recent court filings where he has demanded to be appointed guardian/conservator for both of you (see attached, page 17 paragraph 6.6).

The case in question is No. FR-2018-00004 in Pontotoc District Court where James is facing a contempt charge for Child Support arrears and \$>70k. The court recently held his case in abeyance because they had serious concerns about competency to assist his defense"; he was found mentally incompetent to stand trial. Reviewing his many other filings in the link below, you'll understand the reason for the ruling.

[https://www.oscn.net/dockets/\[REDACTED\]](https://www.oscn.net/dockets/[REDACTED])

You can see below here where he called Ada PD for a false claim about people stalking/messaging him, when that simply never happened, James lashes out anytime that someone calls out his situation for what it is, even committing Stolen Valor and lying about his military service in the process in this video.

Bodycam footage from the responding officer:

I can't imagine a 47 y/o living this way, but not only is James doing it, but he is also living this lifestyle and psychosis intentionally. James has a sordid history of using people for everything from paying for his utilities to performing some other dubious bidding, while purposely remaining unemployed.

I don't know that your relationship with James is the same. Still, the fact he's taking to an unrelated Child Support enforcement case and demanding to be appointed your conservator and guardian, and claiming to spend his every waking moment providing care for you both when I'm confident he does not, tells me there is some angle, and that either he is continuing his con on his parents, or there could be something more sinister going on; either way, I wanted to bring this to your attention.

James is on the precipice of a great deal of litigation, beyond his current Child Support case, from libelous slander in motions he's filed with the court, so if you have any assets that are in any way tied to, or intermingled with James, now is a good time to obfuscate these ties. You seem like good people, and I would hate to see James' misconduct cause any grief.

If you have any questions or want to discuss further, feel free to contact me anytime.. My number is (469) 978-5991.

Kind regards,
Don Beal

This is infantilizing language used in abusive and coercive manner, in the context of the prior attempt to collect a debt (\$>70K) - barred by 15 U.S. Code Section 1692d.

Such claim is delusional in degree, incorporating absolute thinking of self-knowledge over other persons and laws of the United States, in clear grandiose narcissism to assert authority of a false degree in a false belief of delusional authority and egocentric superiority complex. For which a clear dissociative disorder projecting this on the father of the child taken for concealment is evident.

This is about the dumbest thing anyone can say, as it suggests an involuntary psychosis is a choice of a competent person. The two concepts do not have any legal nexus. It implies ongoing attempt to impose a malice of forethought to choices and agreements and activities which Donald Jonathon Beal has no legal interest or standing as a party, in boundary issues of a severe and dangerous mental state in the writer, unable to grasp privacy or professional and personal boundaries, and thus unfit to hold public office or custody of a child or other job with responsibility under the public trust.

and cooperative harassment of a LEGALLY DISABLED PERSON OVER 65, on Oct 23 2022 as a result of this abuse of a person over the age of 65 and their spouse to collect a debt styled \$ >70,000,000 USD; barred by law.

Obfuscate literally means to conceal from the law, a direction to take illicit action while suggesting these things are "real" and "facts at law" subject transparency by the court; a crime.

Again, this is a premeditated criminal delusion of the character of other persons as engaged in crime, and to direct them to do crime to escape abuse, which is felony criminal entrapment to injure and give FALSE LEGAL ADVICE to a person over 65 years of age and interfere with the property of their estate in its COMMERCIAL activity or lease or tenants therein, to overcome a party in a court case one is NOT A PARTY TO OF RECORD.

Structure of this letter appears "criminal by design", in clear and concise strokes, to extort - inconsistent with a factual disorganized train of thought in a genuine delusion, to support the need to refer the matter to criminal complaint (so done).

T Number: 25 Author: James Subject: Highlight Date: 1/13/2023 8:52:12 AM

Magical knowledge. of a severe psychiatric delusion or criminal confidence game pattern of speech, which is to persons he does not know and do not have any contact with him or relationship other than his kidnapping and concealment of their grandchild in 2001-2023 without report or location as ORDERED BY THE COURT. For which no payment or service is obligated to receive such information, and its withholding is an extrinsic fraud on case 01-17702-R, 15-06292393, and FR-2018-00004, sustained in Oct 5 2022 from suit in Nov 2018 without legal cause.

This is the "threat" component -

A statement of insincere personal sympathy in narcissistic abuse; paired with a direction of objective blame on JAMES.

It incorporates the inseparable severe psychiatric delusion of construction in "James' misconduct" to objectify JAMES ARNOLD ALLEN and the agent James Arnold Allen, a natural person, as one and the same in a class of action, styled "misconduct" to assert false authority and portray a criminal act as a lawful act barred by 21 O.S. Section 12-1533 rule.

The statement "grief" is a form of harm, passive language for emotional and psychological and financial injury, in passive voice common among Hegelian Dialectic voice - the tone of Progressive Democratic Socialist extremism popularized by the YOUNG HEGELIAN movement and later STUDENTS FOR A DEMOCRATIC SOCIETY (SDS) and terrorist group of Ann Arbor Michigan, "THE WEATHER UNDERGROUND". The group appears to be tied to TELIA.NET aka ARELION aka TWELVE99.NET and the Sweden and Denmark community of COGENT COMMUNICATIONS INC. systems there affiliated with DEPREF.NET, ATLANTIC.NET DALLAS LLC, SHARKTECH.COM, and such clients of COGENT COMMUNICATIONS in prior report for LOOPBACK0.NETWORK servers harpoon and saturn.
