Veronica Petersen plead "ABANDONMENT" in her civil filing, a felony in State of Oklahoma.

All other statements about not seeing the child or not participating are fraud to extort and deceive, in criminal plan by Donald Jonathon Beal and Veronica Marie Petersn.

The parties are concealing purposefully a medical condition, arising from abuse of the child due to this psychotic delusion and evident in transcripts as child abuse of the 13 lb birth over the August 2001 taking to December 2001 paternity testing nurse report and examination - expressing concern for malnutrition. NEglect is evident in the transcripts of V. Petersen allowing the child to play with dirty cat boxes in her care. All information has been concealed by the parties to carry this fraud, refusing disclosure or normal report to gain control over James Allen.

The business, SHADOWDANCERS L.L.C., paid for the birth and living condition and were the beneficiary of the employment and \$50,000 in credit paid regularly with AMERICAN EXPRESS prior to the child abduction in 2001 August to extort. Since that time, the couple have continued to attempt to overthrow the business to escape a \$15,000 debt cited in the December 2001 transcript, paid through the firm - in knowing fraud to extort.

JAMES ARNOLD ALLEN was an employee of PROCEED TECHNICAL RESOURCES; not TEK SYSTEMS as claimed by D. Beal, and this is part of a practiced lie to harm ABILITY TO PAY in taking of the child to extort; based on a narcissistic delusion of DONALD JONATHON BEAL and VERONICA MARIE PETERSEN supported by their peer group in unregistered labor union activity to blackmail.

- Number: 2 Author: James Subject: Highlight Date: 1/12/2023 2:43:49 PM  
The abductors are aware of the \$50,000 AMEX credit line harmed by their abduction of the child, and acting to conceal a \$10,000 portion of debt owed to ARNOLD RAY ALLEN.

Beal is referring to a path tracing equation he observed in the office of SHADOWDANCERS L.L.C. which he does not understand, in narcissistic behavior exposing a serious mental illness posing a threat to the child.

- Number: 4 Author: James Subject: Highlight Date: 1/12/2023 2:43:53 PM  
Beal is trying to claim he has right to access trade secrets, or that such product does not exist if he is not privy to it, despite no equity; in a narcissistic delusion of psychotic degree.

Plan to blackmail a U.S. Military person with their records to control their child and ability to pay, is evident here.

Donald Beal launches into a psychotic delusion, mixing events up in a criminal fashion to deceive investigators, substituting himself with other events and acts to confuse untrained examiners, and disclosing information from specific persons in organized dispute with the firm to blackmail using the child as collateral.

Extreme statements of LEGAL FALSE FACT themed "aggravated perjury" alleged, to deceive - are evident in the malice and attack on ABILITY TO PAY while concealing the child of JAMES ALLEN from ORDERED POSSESSION in extrinsic fraud.

The Delusion is evident in statements that laws do not apply to Donald Beal or Veronica Petersen, and to act to adjudicate the rights of James Allen in a matter that Beal is not a party, known as a 21 O.S. 21-1533 "legal sham" - in communication to intimidate an officer of an Oklahoma Corporation and client of James Allen (Marino)

"Exposing" in this manner, is clear to cause injury, in fraud of a commercial nature, and to disclose a conspiracy against rights in "none of us" referring to two or more persons acting jointly to carry this fraud while concealing from ORDERED POSSESSION the child of JAMES ALLEN taken from his home for commercial harm. Use of infantilizing names (Jimbo) continues in future as Jimmy in 2013 and 2021 and 2022 and 2023 ongoing threats.

This is commercial organization of a group and investment to carry out organized activity to deny LEGAL RIGHTS and damage ABILITY TO PAY to JAMES ALLEN in a clear entrapment activity to defraud and injure.

Magical thinking, evident of a "narcissistic delusion" in Donald Jonathon Beal, which is supported by Veronica Marie Petersen, Alicia McMahon, Brian Young, and their commercial partners in this, is clearly fixated on James Allen and refuses in a criminal degree prohibiting co-parenting or civil order reliant on self-judgement to recognize its delusional nature or injury to the child and rights of the child in fraud.
- 
-  Number: 4 Author: James Subject: Highlight Date: 1/12/2023 2:44:23 PM  
The parties reflect that they are aware of the intent to cause financial loss of ABILITY TO PAY and subsistence and ability to support parents and other intimate partners resultant from these actions - but do not recognize this limits TITLE IV-D benefits to them in any way in their claims as a legal duty, obligated at law now in 2017 change of 45 CFR rule.

Narcissistic abuse is perpetual, in a delusion shared and supported by Veronica Marie Petersen in her conduct; to defraud. A co-parenting situation was never a lawful solution, and extrinsic fraud to conceal this by STATE OF TEXAS obligates that STATE OF OKLAHOMA void this order per 45 CFR 303.11(b)(17) rule.
