Dudes...Go here Virtually If you Want, It is Safer!

You know how many times I have walked down this street in recent times? At least 20 or more I can remember, always exploring the golf course below and the wonderful street and neighborhood...oh, and Wesco's current residence is here too! Click on the photo to go to the Google Street walk of his place, knock on the door and let him know you were there. Leave a mole, or gofer...

Take a stroll, here is where the CEO lives...barely. He lives here on borrowed time too, the house could be taken out from under Mr. Allen at any time by his relatives, who are beleaguered by his constant trouble. The DHS and police have been here often, and will again soon. So relish this residence while you have the chance Mr. Allen, it won't last.
